What Will Happen Next?

Now that you have booked your cruise holiday, we want to ensure that you can look forward to it fully without having to worry about a thing. For that reason, we would like to clearly explain 'step by step' what happens next and what action you need to take to ensure a smooth process before embarking on your wonderful cruise holiday.

Your Financial Protection

When you buy an ATOL protected flight or flight inclusive package from us you will receive an ATOL Certificate. This lists what is financially protected, where you can get information on what this means for you and who to contact if things go wrong.

This is an important document and should be retained as you will need it if you need to make a claim under a scheme of financial protection.

Passports, Visas and Health Information

Passports and visas are ultimately your responsibility, but as a general guide, passports should be valid for at least 6 months after the date of your return. For up to date passport and visa information you can visit: <http://www.fco.gov.uk/en/>

If you are travelling to Europe please be aware that you may need to renew your passport earlier. On the day you travel, your passport will need to have at least 6 months left and be less than 10 years old (even if it has 6 months or more left). You can check if your passport is valid via the following link: <https://www.gov.uk/check-a-passport-travel-europe>

If you are travelling/transiting in the United Arab Emirates please be aware that there are additional entry requirements if you intend to travel with medication. You can find further details on these requirements by visiting <https://www.gov.uk/foreign-travel-advice/united-arab-emirates/entry-requirements>.

If you require the help or guidance of a visa specialist you can contact <http://www.actionvisas.co.uk>. Please note there is a charge for using their services.

For health information please visit: <http://www.who.int/en/>

All passengers who intend to travel to the USA by any means must complete the online ESTA form (Electronic System for Travel Authorisation) as soon as your holiday is confirmed and up to 5 days before departure at the latest. Visit: <https://esta.cbp.dhs.gov>

Change to USA entry requirements for people who have visited Cuba

The US Government recently updated its entry requirements for travellers who have visited Cuba in the past.

If you have visited Cuba on or after **12 January 2021**, and are travelling to the USA OR transiting through the USA, for example on a connecting flight, you are not eligible for an ESTA visa waiver. You will need to apply for a tourist visa before you travel.

Applying for a visa

If you need to apply for a visa, the application process can take some time. We recommend checking now if the above change will affect you and applying for the visa well ahead of your planned trip.

For more information about the visa process, visit the US State Gov website: <https://www.gov.uk/foreign-travel-advice/usa/entry-requirements>

Further Information

For further travel advice and a summary of USA entry requirements, visit the UK Foreign Office (FCDO) website: <https://www.gov.uk/foreign-travel-advice/usa/entry-requirements>

We recommend you check the official government websites listed to make sure you have the correct travel documents and allow plenty of time before travel.

Under a Directive from the European Union airlines are now obligated to collect various details about each passenger and then pass it to the relevant Customs and Immigration Authorities. Passport information is required for all passengers including infants and children. You should provide us with API details as soon as possible to prevent any delays with the issuing of your tickets.

Flight Seats

If you require any help pre-booking flight seats, please let us know. In most cases this will result in a charge and is dependent on the airline.

Online Check In

The majority of cruise lines now require you to check in for your cruise online. This is generally available 4-6 weeks prior to departure however we recommend that you complete your personal details online as soon as possible.

Please visit your relevant cruise line's own website to complete your online check in. Should you need any assistance in completing your online check in, please contact our Customer Services team on **0800 091 3149** option 2 who will happily talk you through the process.

Tickets

We aim to send tickets to you 2-3 weeks before your departure date. In most cases, we will send your tickets by email. Where we receive tickets by post, we will forward them to you by post.

In the case of late bookings, we will endeavor to email your tickets to you if it is possible to do so. In some cases, due to time restraints, this may not be possible and your tickets will be available for you to collect at your departure airport or port. We will advise you where this is the case and explain fully how and where to collect your tickets.

It is important that you check the tickets carefully and let us know immediately of any discrepancies or incorrect details.

In the case of email tickets, print out all pages and take them with you on your holiday.
